THURSDAY MORNING,

MAY 29, 1913.

SIGNS IT AND BRAGS.

Johnson's Name on
Paralysis Act.

Governor Waits Two Days
Before Making Confession
of the Deed.

Checks His Chance to Make
Additions to the State
Political Machine.

Expenses a Commission to
Spend Other People's Cash
and Rule Like Tyrants.

IN DIRECT WIRE TO THE TIMES.
SACRAMENTO, May 28.—[Exclusive
Dispatch.] Although not in-
cluded in the list of bills ad-
mitted as having received the sig-
nature of the Governor, the fact that
the so-called Workmen's Compensa-
tion Act was approved two days ago
was revealed by the Governor him-
self in a speech at San Francisco last
night. This is one of the "big bills"
of the session, and in some respects
the worst. It is misnamed a "work-
men's compensation act." That is for
show, and to deceive the public
concerning its real character. Cal-
ifornia already has an "employers'
liability act," which means the same
at workmen's compensation. The
new law is really one of the most
disgraceful in the history of the
state. It is intended to enable the
biggest political machine in the
west to spend other people's money
at will.

THE PRIVATE COMPANIES.
The state support which it has
been estimated will amount to \$4
out of every \$100 of property tax.
It is figured that the private
companies doing an employers'
liability business will be driven out
of California and the whole of
the state will be a vast wasteland.

Chickering Supremacy

The history of the Chickering Piano is closely linked with that of the great Pianists. For over ninety years this instrument has appeared on the Concert Stage with the World's greatest performers. A list of the artists who have used it, and are using it today, reads like a directory of the World's greatest musical lights.

This record can be the result of but one thing—and that is Chickering supremacy. When you are ready to buy the best Piano you must purchase a Chickering—from that there is no appeal. The prices are a little higher—but the quality justifies the extra cost. Let us tell you about our liberal payment plan.

CARRIES NECK IN PLASTER CAST.

DENVER MAN'S VERTEBRAL GIRD
SUDDEN FRACTURE.

Although Mishap Was at First
Thought Trivial Nature of Injury
Discovered at Hospital, But
Physicians Manage to Overcome
Accident With Special Apparatus.

[BY A. P. NIGHT WIRE TO THE TIMES.]
DENVER, May 28.—(Exclusive
Dispatch.) A man who was
attending to his business affairs as
usual today, with only a plaster cast
to remind him that he broke his neck
ten days ago, was getting out of
bed when he gave his head a
peculiar twist and in some manner
fractured the third cervical vertebra.
At first he thought the mishap was
trivial, but after several days went
to a hospital, where the extent of his
injury was discovered.

He was kept in the hospital until
strapped in a harness with weights
hung in such a way as to keep the
neck rigid. Today a plaster cast
was substituted for the harness and
he was permitted to go to his home.

Democrats Who Want Joe
Felt, Condition and General
Intelligence Out Figure.

WASHINGTON BUREAU OF THE
TIMES, May 28.—(Special
Dispatch.) Living under a Democratic
administration isn't wholly what
it was cracked up to be. Time was when
the victors partitioned the spoils
among themselves, and it was only a
question of who had borne the heat
and burden of the day. Such party
queries as how old is Ann out so
figure then.

But now, if a good man wants to
get a fourth-class place, he's confronted
with all sorts of regulations, con-
ditions and embarrassing questions.
There are only demands that he shall
be ready by showing that he can out-
do the best, spell a little better than
Col. Roosevelt's simple speller re-
quires, and write in one language, but
by him, Postmaster-General Felt,
in his regulations issued for the
carrying out of President Wilson's
appointment of the first civil service
commissioner, declares that candidates
who have reached the age of 50 need not
apply.

FOSTER CLEARED ON TWO COUNTS.

Releases Ryan Conspired to
Kill Drew and Others.

Shows He Was Attacked by
Convicted Union Leader.

Echo of Dynamite Trials in
Indianapolis Court.

[BY DIRECT WIRE TO THE TIMES.]

INDIANAPOLIS, May 28.—(Exclusive
Dispatch.) There was an echo
of the recent dynamite conspiracy in
the Criminal Court today when Robert
J. Foster, a detective formerly in the
employ of the National Erectors' As-
sociation, was placed on trial on
charges involving an attack on Frank
M. Ryan, president of the International
Association of Bridge and
Structural Ironworkers.

The trouble occurred on the fourth
floor of the American Central Hotel
building April 27, 1912, when the Fed-
eral grand jury was investigating the
dynamite conspiracy. Ryan testified
that Foster came to his office and
he wanted to see him. Ryan said
that he told Foster he would have
nothing to do with the conspiracy, but
Foster refused to leave.

"Foster refused to leave," said
Ryan. "I opened the door and took
Foster by the coat sleeve to lead
him out and then he struck me in
the face and I slipped back. Then
Foster drew back into the corridor
and reached in his hip pocket and
saw out what I thought was a black
pill, but later found out it was a
revolver."

CHARGES MURDER CONSPIRACY.

Foster then took the stand and re-
lated the story of a conspiracy on
the part of Ryan and other union
leaders to kill Walter Drew of the
Brokers' association and others,
who were pushing the dynamite in-
vestigation before the Federal grand
jury. He said Herbert S. Hockin,
secretary of the International Union
of Bridge and Structural Ironworkers,
advised him of the plot by Ryan and
others and he went to the headquar-
ters of the association to talk with
him and was him not to carry the
matter any further. He said he did
not tell Ryan who his informant was
as he did not want Ryan to know
that he was giving out inside infor-
mation. He felt the matter was seri-
ous enough to claim attention as
he was here to testify before the
grand jury and it was the plan of
the conspirators to have him killed
when he could testify.

The witness also said the con-
spiracy included himself and he want-
ed to show Ryan that he knew what
he was doing on this matter. He
said Ryan told him that he was
going to be killed before the grand
jury and it was the plan of the
conspirators to have him killed when
he could testify.

PROBATE WILL
OF HOMER LEA.

WILL ESTATE GOES TO HIS
WIDOW AND SISTERS.

Commanding Officer in
Army and Author of "The
Value of Ignorance," Hero Who
Died Near Los Angeles, Made Most
Money Selling Papers in Denver.

[BY A. P. NIGHT WIRE TO THE TIMES.]
DENVER, May 28.—(Exclusive
Dispatch.) The will of Homer Lea,
a Denver resident, who died last
November in Los Angeles, was filed
for probate here today. The estate,
consisting of only \$4000 in prop-
erty and a small amount in cash in
California banks, will go to his widow,
Mrs. L. Lea, and Ernest and Herta
Lea, his sisters.

He was a cripple from boy-
hood, but accumulated nearly all his
fortune by selling papers and
advertising. He lived in this
city before he attained his majority,
and was always anxious to go abroad,
when he was 22 he embarked
for Europe. Later he drifted into
the army, became commanding officer
in the Chinese army, and was chief
military adviser in the revolutionary
uprising which established the Chinese
republic.

While in the heat of his military
career, which compelled him to
change his position and brilliant
he was never robust and
died of pneumonia soon after
his return from abroad.

MUST SURRENDER CENTRAL PACIFIC

McReynolds Insists on Espee
Giving Up Railroad.

Its Fate Caused a Hitch in
Dissolution Plans.

Attorney-General's Position
Same as Wickersham's.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, May 28.—Atty-
Gen. McReynolds has decided to con-
tend that the Southern Pacific must
give up the Central Pacific in the
pending dissolution of the Union Pa-
cific merger, and will bring a suit
under the Sherman law to accom-
plish that end if the dissolution plans
fail to include it.

The disposition of the Central Pa-
cific is understood to be the cause of
the hitch in the efforts of the Union
Pacific and Southern Pacific to reach
an agreement.

The plan which the Union Pacific
shortly expects to submit to the Atty-
Gen. contemplates, it is believed,
only the disposition of the \$125,000,000 of Southern Pacific stock held
by the Union Pacific. The question of
the status of the Central Pacific
to separate litigation to be taken
before the Supreme Court. The dispo-
sition of the Central Pacific is under-
stood to be the cause of the hitch in
the efforts of the Union Pacific and
Southern Pacific to reach an agree-
ment.

You Must Buy Gibraltar Shares This Week

To Secure 4% Dividend on Par for Quarter Ending May 31

BY INVESTING NOW you will secure the fullest returns on your money. You will receive the full quarterly dividend that will be paid by the Gibraltar Investment and Home Building Company to all co-operative shareholders, at the rate of 16% per annum on par, in proportion to their investment.

The constructive principle of Gibraltar is constantly creating greater values for its co-operative shareholders. An investment in the broad acres of California is a safe one. The earnings from the development and sale of lands are large and consistent. GIBRALTAR IS INCREASING THE NATURAL PROFITS OF LAND DEVELOPMENT by combining all activities under one experienced management at one selling cost, resulting in economy of operations, which is the direct basis of earning power.

From its great propagating plants, seed beds and nurseries, with their millions of contents, Gibraltar's operations are continuous through the purchase of land, the development, subdividing, planting and sale of the completed orchard home. This has resulted in increased profits to Gibraltar's shareholders.

The rapidity with which Gibraltar is selling its 1897 acres at Bloomington is proof positive of the right principle of the Gibraltar plan of furnishing the completed orchard home direct to the purchaser. A large force of workmen and scores of teams are working daily in the developing and planting of this great tract. Other large tracts will be bought, subdivided and sold under the constantly increasing scope of Gibraltar's operations, and to the financial benefit of co-operative shareholders.

**KILLS HERSELF
ON WEDDING EVE.**

MRS. GEBHARDT COULD BROOD
NO FURTHER DELAY.

Though About to Marry Another at
Chicago, Her Divorced Husband
Claims Body of Divorced Wife Who
Ended Her Life by Jumping Into
Lake Como Near St. Paul.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, May 19.—[Exclusive Dis-
patch.] The body of Mrs. George F.
Gebhardt, who committed suicide by
leaping into Lake Como, near St. Paul,
today, will be buried in Chi-
cago by her divorced husband, Prof.
George F. Gebhardt of the Armour
Institute. Prof. Gebhardt sent a rep-
resentative to St. Paul to claim the
body.

Mrs. Gebhardt was divorced from
her husband in 1915. They had been
friendly since, but there was never an
attempt at reconciliation. A daughter,
Mildred, 14 years old, is in school
at Godfrey, Ill.

Mrs. Gebhardt had been living with
her parents, the Rev. and Mrs. James
Adams, No. 3518 Calumet avenue.
She left home on Friday and said she
would be gone for several days. She
went to a hotel in St. Paul and regis-
tered as "Mrs. D. S. Dearhart, Chi-
cago."

The man to whom she was talking
late Tuesday night. The next morn-
ing she checked out of the hotel and
hired a boat and rowed out on Lake
Como. She was seen to take off her
hat and coat and leap into the water.
The body was recovered.

The man to whom she was talking
was Robert Burnham, formerly a
close friend of Prof. Gebhardt. Burn-
ham told the St. Paul police he had
intended to marry Mrs. Gebhardt after
the necessary lapse of one year
following her divorce.

Reports from Minneapolis indicate
that she committed suicide because
she could not marry her fiancé as
soon as she desired.

DIES ON EVE OF MARRIAGE.

WOMAN SUICIDE IDENTIFIED.
(BY A. P. NIGHT WIRE TO THE TIMES.)
ST. PAUL (Minn.) May 19.—The
woman who committed suicide yester-
day by jumping from a rowboat on
Lake Como was identified absolutely
today as Mrs. Florence Gebhardt,
divorced wife of Prof. George
Gebhardt of the Armour Institute of
Chicago. The identification was made
by W. B. McDonald of Minneapolis,
said to be a friend of both Prof. Geb-
hardt and his divorced wife.

Mrs. Gebhardt wrote several books under
the pen name of "Helen Hale." H.
Burnham, whose name was mentioned
in a note left by Mrs. Gebhardt before
she committed suicide, made a state-
ment through a Minneapolis attorney
today, in which he said Mrs. Gebhardt
and he were to have been married at
Minneapolis and that she came to
Minneapolis for that purpose.

HEAVY SNOW BRINGS FLOODS.

Streams in Western Montana on
Rampage—Carry Away Costly Steel
Bridges.
(BY A. P. NIGHT WIRE TO THE TIMES.)
MISSOULA (Mont.) May 19.—
Melting snow caused flood conditions
to exist today in Western Montana
in the vicinity of Columbia Falls,
Kalispell and the Flathead Lake. The
Flathead River has risen three feet
in the last twenty-four hours.

At Columbia Falls the new \$20,000
steel bridge across the Flathead is
toppling and cannot be saved. A
flood of water is rushing out of the
mountains, playing havoc with prop-
erty along the lowlands and threat-
ening heavy damage to grain fields.
Persons living in the lowlands are
preparing for emergencies.

Katlamaska Creek, which traverses
the city of Missoula, tonight washed
away one of the principal bridges in
the eastern part of town.

Cooler weather has caused a slight
recession of the water in the Bitter
Root River, but numerous bridges are
covered and may go out.

Railroad traffic has not been seri-
ously impeded.

BUSINESS MEN FIGHT DUEL.

Illinois Merchant Makes His Will

(BY A. P. NIGHT WIRE TO THE TIMES.)
BLOOMINGTON (Ill.) May 19.—
Joseph Stoughton and Grant Preble,
business men of Lexington, fifteen
miles north of here, shot each other
probably fatally tonight in a revolver
duel in the street.

Stoughton went to the office of an
attorney and made his will. He then
walked down the street and shot at
Preble, who was in front of his house.
Preble, shot through the lungs, rushed
into the house, procured a revolver,
and fired two bullets into Stoughton.
Comments about Stoughton's busi-
ness affairs, which Preble is alleged
to have made, are said to have caused
the trouble.

LADIES WOMEN LOBBYISTS.

Colorado's Female State Senator
Charges Them With Salome and
Takes Fling at Male Lawmakers.
(BY FEDERAL WIRELESS LINE TO THE TIMES.)
PITTSBURGH (Pa.) May 19.—
[Special Dispatch.] "I thank God and
the men of Colorado that my young
daughter will never have to do a
Salome dance to get what she wants,"
said Senator Helen Ring Robinson of
Colorado, speaking to an audience in
the Pittsburgh Council Chamber and
in clear terms telling what she
thought of women lobbyists.

"I heard an elderly Senator of
New Jersey say lately, 'If you want
that bill passed, why do you send
those old hens to the Legislature;'
send down your pretty girls dressed in
their good clothes."

The witness said the entire bill
which led to the formation of the
corporation and endeavored to
bring about the passage of the bill
by the Legislature, was introduced
by the lobbyist, who is now
rounding out, self-contained, every-
thing, complete in every way,
manufacture, in the mill, and
shipped products in the mill, and
ability to reduce costs to the
economical business and permanent
develop an export trade.

"Our effort," he said emphatically,
"has been to extend trade and to
bring competition, and we have
succeeded."

ON, WHERE IS HE GONE?

With equal emphasis Judge
denied that the steel corporation had
been over-capitalized, as alleged by
the government. The various prop-
erties acquired, "were all sold at
price that was paid for them," he
stated, while the steel corporation
of the Lake Superior Corporation
Mines, John D. Rockefeller's com-
pany, was obtained, "It has since
been sold at a very low price."

He denied that the Federal Steel
Company, the nucleus around which
the corporation was formed, was
monopoly in itself, as alleged by
the government. The organization of
the corporation was precipitated, he
said, by the desire of the Federal
Steel Company to protect its com-
pany.

Investigating Committee Testifies
He Took Money From Rival Com-
pany to Place Laundry on Unfair
List—His Disappearance From Sacra-
mento Is Now Reported.

(BY DIRECT WIRE TO THE TIMES.)
SACRAMENTO, May 19.—[Exclu-
sive Dispatch.] Where is J. O. Barton,
former business agent of the Feder-
ated Trades Council, former president
of the Building Trades Council, and
one-time president of Sheet Metal
Workers' Local No. 1527?
Barton was found guilty last night
by President H. B. Miller of the Fed-
erated Trades Council at Barton's re-
quest on charges preferred by Lau-
dry Workers' Local No. 15.

The investigating committee found
guilty of misappropriation funds be-
longing to the Butchers' Material
Truckers, I.B.E.W. No. 18, and the
barbers. The evidence introduced
by the investigating committee also
showed that Barton received the sum
of \$50 from Manager Willard Warner
of the Cascade Laundry last Novem-
ber for putting the Sacramento Lau-
dry on the "unfair" list of the Fed-
erated Trades Council and placing the
Cascade Laundry on the fair list. It
is stated that this switching of the
two laundries brought about \$600
worth of laundry work per month to
the Cascade Laundry that had previ-
ously been going to the Sacramento
Laundry.

It is reported in the local news-
papers that Barton left Sacramento
Monday afternoon with a woman in
whose society he is said to have been
seen frequently of late. It is said
that Barton filed a suit for divorce
against his wife several months ago,
but having been committed to the
asylum at Napa. The divorce pro-
ceedings were brought to a close after
the woman was released from the asylum,
and it is said that the couple be-
came reconciled.

Says Question of a Monopoly

(BY A. P. NIGHT WIRE TO THE TIMES.)
NEW YORK, May 19.—John D.
Morgan, chairman of the Fed-
erated States Steel Corporation, said
today that neither he nor the
P. Morgan, nor anybody else, had
concerned ever had discussed
three negotiations the question of
obtaining a monopoly in the steel
industry or of suppressing com-
petition, was a question of the
need for the defense in war and
solve the corporation under the
man anti-trust law.

The witness said the entire bill

These Authors, Artists and Special Writers are all contributing to the highest class and highest priced monthly and weekly magazines published in the United States, and their united efforts, more than anything else, have combined to build up these great publications. We now offer this same class of superior literature to you with our regular Sunday Edition twice each month.

A Glance at the Contents of the June 1st Issue:

"THE COMING MAN OF MEXICO"

By GENERAL FELIX DIAZ
Illustrations from Photograph.

Against a background of revolution, anarchy and political disruption in Mexico, the figure of one man stands out clearly. That man is General Felix Diaz, nephew of the former dictator, Porfirio Diaz, and conqueror of the ill-fated President Madero. He will probably be the next President of his country, and everywhere in the United States, the question is being asked: "What will Felix Diaz do?" For we have a big stake in Mexico. There are nearly 100,000 American residents in the southern Republic, and millions of American dollars are invested in mines, ranches and lumber concessions. In the next issue of the Semi-Monthly Magazine, General Diaz tells frankly what his policies will be. His statement has been translated from the original Spanish, and is presented unedited and unaltered to the readers of this magazine. It is one of the most important articles of the year.

"THREE SHEETS IN THE WIND"

By MORGAN ROBERTSON
Illustrations by Percy E. Cowan.

The American leading writer of stories of the sea is Morgan Robertson, whose "Wreck of the Titan" a few years ago so marvelously forecast the Titanic disaster in every detail. He contributes a rattling yarn of adventure ashore and aloft to the next issue of the Semi-Monthly Magazine. Incidentally, he preaches not one but two powerful sermons, that landlarks as well as mariners would do well to take to heart. Percy E. Cowan, himself a sailor born and bred, has done the illustrations.

"THE ART OF THE ACROBAT"

By BRANDER MATTHEWS
Illustrations by Harry Stoner.

Another article by Professor Brander Matthews, dealing with a little understood phase of stagecraft. The essential beauty of the human body and the poetry it is capable of expressing while in motion are his texts, and the result is one of the most readable articles we have ever printed. Professor Matthews traces the history of the art of the circus from earliest times, and includes many anecdotes of American and foreign acrobats. Harry Stoner's pictures are finely imaginative interpretations of the text.

Cover Design.

"DOING TIME"

By M. M. GRIMBALL.

This is not a study of prison life, as the title might suggest, though the little boy who sits indignantly watching the clock certainly feels like a prisoner. It is a picture that you will want to save.

WOMEN OF MARK

Sketches of women who are doing things worth while in the world's progress.

"FRESH FINDINGS FROM MARK TWAIN"

By ALBERT BIGELOW PAINE
Illustrations by Horace Taylor.

A final installment of personal reminiscences and anecdotes about America's greatest humorist by this authorized biographer. These stories from real life are now appearing for the first time in the pages of any magazine.

"THE COLLAPSIBLE HUSBAND"

By EDGAR SALTUS
Illustrations by Harvey Enrich.

Wouldn't this title alone compel you to read the story? What is a collapsible husband? Mr. Saltus makes it clear in a whimsical and fascinating piece of fiction as has come from his gifted pen. A woman is on trial for her life, and back of the tragedy are occult influences and strange motives. There is a district attorney who has vowed that this woman should die, and a lawyer who swears that she shall live. The final solution contains a surprise that will bring a gasp from every reader. Decidedly, this is a story that is "different." The illustrations are by Harvey Enrich, an artist whose work is rapidly growing in popular favor.

Editorial

"WHO IS THE RICH MAN IN AMERICA?"

By DR. ORISON SWETT MARDEN.

A timely reminder by Dr. Marden that dollars do not necessarily constitute wealth. The author makes a plea for unselfishness and service to our fellow-men that ought to meet with wide popular response.

"TOMMY'S GENERALSHIP"

By ROBERT V. HOFFMAN
Illustrations by George W. Wolts.

A story about boys that grown-up people, no less than younger folk, will enjoy. Three youngsters have decided that they intend to be soldiers when they grow up. Does that sound familiar? It is only the prelude to a real battle that has a laughable ending. There are some clever illustrations by George W. Wolts.

IN A CLASS BY ITSELF

WITH THE NEW SEMI-MONTHLY MAGAZINE AND THE BIG SUNDAY TIMES OF JUNE 1, WILL BE DELIVERED AN EXCEPTIONALLY GOOD NUMBER OF THE

TIMES ILLUSTRATED WEEKLY

LONG RECOGNIZED AS THE FOREMOST MAGAZINE OF ITS CLASS.

OLD FORT TEJON.—A leading feature of this number will be a notable illustrated descriptive and historical article by Harry Carr on Old Fort Tejon and its environs, the material for which was gathered at first hand by Mr. Carr by a visit to the locality and through interviews with old residents.

POULTRY RAISING. Another feature will be a comprehensive and graphic description of a down-to-date Southern California poultry ranch, by Alma Whitaker. This article also will be liberally illustrated.

HISTORY CORRECTED. "The True Story of Barbara Fritchley," by Edward B. Warman, will be another noteworthy and timely feature, appearing as it will at the Memorial Day season, when American hearts are stirred by the patriotism manifested by the men and women of Civil War times.

REMEMBER, BOTH MAGAZINES, EACH UNSURPASSED IN ITS CLASS, GOES WITH THE REGULAR BIG SUNDAY TIMES, THE LARGEST AND BEST NEWSPAPER IN THE WORLD.

25 New Pianos at Each

\$245

Terms to Suit

We will not mention here the make of these reliable instruments nor the price at which they are ordinarily sold. We are merely overstocked in this line, one of our regular agencies, and will sell a score or more at this price—on terms to suit. This is an opportunity indeed for those who want a good medium-grade instrument at a good big saving. Come in and see some of these Pianos—come today because they will go quickly at this price.

Used Pianos at Bargain Prices

Our Spring Clearance Sale presents remarkable opportunities in excellent Used Uprights and Grands.

Being Steinway Agents and selling Steinways at New York prices, we are not in a position to make big allowances on pianos taken in exchange on the purchase of new Steinways. In fact, in Steinway sales we allow on exchange pianos only about one-third to one-half of what most dealers usually allow on used instruments taken in exchange on their agency lines.

As dealers usually price such used pianos at what they have allowed in them, you must see how much cheaper it is to buy a used piano at The Birkel Company than elsewhere.

Furthermore, Steinways are usually purchased to go into the better class of homes and used instruments coming from such people are of the better grade and in good condition. All are taken in through our shop, the largest and best in Los Angeles, and are overhauled by Steinway experts. You will realize what an advantage this is.

Terms to suit.

SEEKS BROKEN LIFE'S THREAD.

Boy Appeals to Police For Help to Get Justice.

Claims Wealthy Mother Gave Him Away Years Ago.

Career With a Family of Impoverished Mexicans.

Seeking his mother, who he says appears to wish not to be found, to keep him under the control of those to whom she gave him in the days of her adversity, a Riverside boy, who calls himself Gilbert Poyorema, because he does not know his real name, told the police a remarkable story yesterday of a mother-love that died with the passing years and the coming of prosperity. From her, when found, he says, he will wrest a fortune.

The boy is 20 years old. He says he has spent all his life with the Poyoremas, who are poor Mexicans. He says he has never been able to learn anything from the Poyoremas regarding his history beyond the fact that they are not his real parents, all other information being steadily denied him. He said, however, that he had learned from an actor named Riala, who visited him some years ago, that his parents were English people, and that they had eight children, five of whom are dead. There was a separation of the parents and the father went to Lincoln, Neb., where he died from excessive drinking.

At this time, according to the story, the mother was compelled by poverty to seek homes for her children, and Gilbert, the eldest, was given to the Poyoremas. A brother was taken by another family, and the other children, three girls, were adopted by as many other families. Riala, so the boy told the police, was unable to tell him his mother's name. Riala told him, the boy says, that he, the mother and an actress in Riala's company attended the same school, that the boy's mother came to this country from England, which also was his father's native country, at the age of 15, and had come to Los Angeles two years later. By the actress, whose name the boy does not know, he was told that his father was known as Edgar Marshall.

Gilbert said he had been told by his mother's parents that he was adopted by them when he was 3 years old, which was seventeen years ago, and that they never had any children of their own. Either from them, or from the actor, Riala, and the actress, who claimed they had been schoolmates with his mother in this country, the boy said he had learned that one of his sisters, whom he knows by the name of Fern, was adopted by a San Francisco family named Craig, and is now 15 or 16 years of age; that the brother's age is about 17.

A remarkable feature of Riala's story, as told by the boy, is that his mother in after years married again and that her husband died in Los Angeles four years ago, leaving part of a large estate to the children who were given away. The bequest consisted of a tract in the Yosemite Valley and large sums of money.

The boy says he has been supporting himself by manual labor in Riverside and that he had come to Los Angeles in the hope that he might pick up the broken thread of his life and, by locating his mother, force her to do justice to him and her other children.

Who is this boy?

He goes under the name of Gilbert Poyorema, which he says was given him by his foster-parents, Mexicans. He told the police yesterday that these Mexicans refuse to let him know who he is and he is here in an effort to find his real parents.

GEORGE IS HELD.

Wealthy Whittier Ranchman Must Answer to Higher Court for Death of Woman by His Auto.

R. W. George, Whittier ranchman, was held to answer to the Superior Court yesterday by Justice Revere on a charge of manslaughter. Bail of \$20,000 was furnished. The defense, represented by Le Compe Davis and Attorney Stevens, put one witness who is about to leave the country on business. He testified that George was absolutely sober on the day of the fatal crash, and that he never saw the defendant take liquor. George is charged with having caused the death of Mrs. A. E. Carman, wife of a prominent Oakland banker. She was in the machine at the time George drove his own car against the rear wheel. The other occupants of the two cars were only bruised.

CORPSE CAVES TABLE.

Embalming Slab at Mortuary Given Way Under Weight of Heaviest Man's Body.

An embalming table on which rested the body of William A. Caldwell, who weighed 350 pounds, gave way under the corpse in a Venice mortuary last night. A special coffin will have to be constructed for the body.

Caldwell, a personal friend of Mayor Holbrook of Venice, died at his beach home yesterday morning. He is said to have at one time weighed 400 pounds and to have traveled with a circus until last fall, weighing at that time 450 pounds.

A Caldwell, a brother of the dead man, is on his way here from Turlock to take charge of the body. He also is said to be an extraordinarily heavy man.

MASONS AT BAKERSFIELD.

Two special cars filled with Scottish Rite Masons will be sent to Bakersfield by the 8 o'clock train over the Santa Fe this evening to initiate a class of fifty men in the lodge of perfection. The degree was given in charge of Perry W. Weidner.

From San Quentin.

PLEA OF INSANITY MAY SAVE NEPHEW OF PICO.

A PLEA of insanity may save one of the descendants of the famous Pico family from ending his days in San Quentin. Alvin Frederick Pico, son of Don Antonio Maria Pico, brother of the late Spanish Governor of California, Alvarado Pico, is on trial to determine his mental condition.

Judge Murasky of San Francisco allowed the defense to make the preparations for submitting the point to a jury. All in the courtroom seemed sorry for the stately old man who once owned thousands upon thousands of acres of fertile land in this State, and who also claims title to the land on part of which San Quentin prison now stands.

He has been in the penitentiary on six different occasions. If sentenced at this time he will doubtless be days in jail. A doctor testified yesterday that he believes the old man suffers from delusions; that he does not know the difference between moral issues and considers himself still a grandee.

Deputy District Attorney Blair presented three different charges against Pico. One was passing a fictitious check for \$40 on a Long Beach man. The second was passing a \$15 check on Mrs. McKee, a married woman. He used the name of Frank G. Smith and got considerable change when he paid for a room. The check was, of course, worthless.

The third check was passed at Long Beach. It was for \$15. Pico, under the name of Louis Forbes, got a can of sardines and some cash. He was to return the next day for the balance but did not do so.

Blair was ready to go to trial when Pico's lawyer asked to withdraw the plea of "not guilty" and substitute one which will involve the defendant's state of mind. Blair agreed. He said yesterday that he has no personal desire to send the aged man to the penitentiary where he has long been already been served.

Pico was first sentenced thirty-one years ago. Since then he has been in and out of jail, living by his wits.

GRAND JURY TO LOOSE TONGUES.

Manger, Amazonian Nurses Refuse to Talk.

Rigid Inquiry Into Conduct of Their Sanatorium.

Three Under Arrest Find It Hard to Raise Bail.

The conditions alleged to prevail at La Cresta Sanatorium, Glendale, from which institution Miss Edna Christensen made her escape in her night clothes Monday night, will be thoroughly looked into by the grand jury. This was the positive statement of Deputy District Attorney Jones yesterday. He declared that the punishment of the doctor in charge for alleged battery will not alleviate conditions, which are appalling, if the statements of patients are to be taken seriously.

One of the reasons for believing that the letters of Mrs. Anna E. Holman, wealthy Pittsburgh woman, and Miss Christensen's assertions are true is the absolute refusal of Dr. Charles Manger to make any kind of an explanation. He refused to be interviewed yesterday. His attorney at first refused to give his name to the newspaper men. Both Miss Mathilde Hallberg and Miss Lillian E. Peer, the supposedly brutal nurses, also declined to talk.

Miss Hallberg is of Amazonian dimensions and appears capable of taking care of herself in any sort of a scuffle. Her hands are large and she appears to possess gigantic strength. Miss Peer, while of slighter mould, is

very wiry and muscular. Dr. Manger is a large man, but apparently not in the best of physical condition.

THEY PROTEST LOUDLY.

Detective Meehl went to the sanatorium yesterday morning to arrest the doctor, but he was gone. The officer then took the nurses into custody. They made a loud protest. Manger, who was in the building at the afternoon, he found great difficulty in getting bonds of \$350 for himself and his two female attendants.

The three were arraigned before Justice Forbes, each charged with battery. The hearing will be at 2 o'clock this afternoon. Dr. Manger

DOG STANDS GUARD AT DEATH CHAMBER.

IN the valley where he herded sheep forty years ago, death came yesterday to Victoria Castello, the faithful servant of Mrs. Fannie Briggs Carr, on her ranch at Casa Verdugo. He was 73 years old and had lived in California in his pastoral life.

If the man, who does not appear to possess any criminal instinct save the habit of carrying a knife, had been a dog, he would have been a guard dog. He was the devoted and loyal servant of his mistress.

After progress swept the sheep herds from the valleys around Los Angeles, Castello drifted to Lower California. It was there that Mrs. Carr found him ten years ago and engaged him as her servant and body-guard.

"When I told Victoria that I lived at Verdugo he replied that he knew every foot of the ground in the valley," Mrs. Carr said last night. "He told me how he used to herd sheep two score years ago in the vicinity of my ranch. After I brought him back to California I learned that he was known to most of the pioneer families here. He was a courteous Mexican of the old school."

Mrs. Carr said Castello had not been well since 1911, when he had an encounter with Mr. A. King, her former husband. In all of Mrs. Carr's many matrimonial troubles, Castello was always loyal to her, demonstrating it more than once by a show of physical force or a display of firearms.

Last Sunday dear old Victoria seemed to know that the end was near. Mrs. Carr continued. "He sat on the veranda and talked like a little child of things that happened long ago in California. The light came back to his dim eyes, strength to his voice, but I was not deceived. I knew that he was near the sunset."

Immediately the rest of the gang of rough riders swore they would revenge themselves on the police.

It came about 10 o'clock last night, when Patrolman Hatch was standing at Alessandro street and Brandon avenue, Edendale. Everything had been unusually quiet in the film colony.

The patrolman was standing in the shadow of one of the rambling cottages that stud the district, when he turned to face the rush of a dozen feet. Before he could look or identify anyone, he was struck on the forehead with brass knuckles. He dropped in his semi-consciousness, while lying

helpless, he was pummeled and kicked. After the rangers had subdued their lone victim they spent the fury of their vengeance in tearing his uniform from him, ripping his shirt from his back, and taking his weapon and badge. Then they kicked him into the gutter and proceeded down Alessandro street.

SECOND CASA VERDUGO.

Senora Piedad Yorba Sowl Opens Cafe on South Spring Street—Historically-correct Appointments.

Spanish residents of the city and others turned out in force last night to attend the brilliant opening of Casa Verdugo Segundo and to congratulate Senora Piedad Yorba Sowl on the historically-correct appointments of her cafe at No. 736 South Spring street. It was not only a foregathering of descendants of the done, but a celebration of an anniversary of some significance in the Southland, as it was 150 years ago, nearly to a day, that Jose Maria Verdugo rode out from Mission de Los Angeles along the Camino Real in search of pastureage for his increasing herds and found, near the site of the present Glendale, a spot that "pleased him well." There he reared Casa Verdugo, or the House of Verdugo, which, in a latter day, became the hotel of Senora Sowl, and the prototype of the place of nourishment opened last evening.

FOR FALSE PRETENSES.

Man Jailed on That Charge, Preferred by Portland Authorities, Based on Alleged Land Deals.

H. C. W. Gottlieb, a German of apparently wide acquaintance and liberal education, was taken to the County Jail yesterday upon a telegraphic request from the Portland police. The man was found at Santa Monica, where he lives with his wife. The details of the charge are not known here except as Gottlieb supplied them.

He said he was deeded a large ranch in Alta California, the grant being made from former Gov. Orantes. He declared this came into possession of his wife, who in turn deeded it to him. He says he has been selling small farms in this tract.

The Portland authorities state that the man is accused of obtaining money under false pretences by misrepresenting the value of the land and that a number of persons in that city have been victimized.

No local complaints have been made to the District Attorney or Sheriff.

EXPERT BOARD MAKES STUDY.

At the Scene of the Long Beach Horror.

Coroner's Jury to Hear the Details Today.

Builder of the Auditorium is Heard From.

Yesterday's most important development in the investigation of the Long Beach pier disaster was the completion of the appointment of the board of inquiry and the full examination made at the scene of the catastrophe by this board.

W. Horace Austin, a Long Beach architect, was appointed yesterday morning by Mayor Hatch of Long Beach as one of three members of the board, on which C. E. Richardson, president of the Richardson-Neustadt Company of Los Angeles, has been appointed by the Son of St. George, and A. C. Martin, a Los Angeles architect with offices in the Higgins building, by the Coroner.

Meeting at the Long Beach City Hall at 10 o'clock yesterday afternoon, the members of the board first examined the plans of the auditorium and approach, which were produced for their inspection by F. S. Craig, president of the Board of Public Works in the beach city.

MEASURING THE GIRDERS.

From the City Hall the board proceeded to the scene of the accident, where a careful inspection occupied the next hour. The three men took measurements across the yawning space where hundreds of men, women and children had fallen through; measured girders, columns, braces and scale, making records of every measurement in their memorandum books; and then entered a closet a few feet from the scene of the accident, to get the broken girders, which have been kept out of sight and under lock and key since Saturday noon.

Capt. David Borden of Co. H, Seventh Regiment, N.G.C., had the only key to this closet and the board waited some time until he could be located. Then the girders were laid end to end as they were when resting in the mortise, and numerous measurements were taken on both the timbers.

The end of one of the girders was broken off and the whole interior was found to be rotted. The other girder was split for five feet back from the end that rested in the mortise.

After taking a large number of notes regarding the condition of the members of the inquiry board walked around over the lower deck of the auditorium and inspected the general construction design.

Members of this board are expected to be important witnesses at the Coroner's inquest, which will begin at 10 o'clock this morning in the Long Beach City Hall.

W. Horace Austin, the Long Beach member of the board, is senior member of the Austin & Lockridge Architectural Company, No. 18 Locust avenue. He is 31 years old, and he and his associates have drawn plans for many of the principal apartment and business buildings in Long Beach.

OUT FOR FUNDS.

With a relief fund swelling to \$7500 by a Council appropriation Tuesday evening of \$2500 the Citizens' Relief Committee went bravely ahead yesterday with the campaign for more money. Early in the day 15 business men locked their desks, reported to headquarters, and were assigned districts to solicit for the fund. The amount collected was not known last night, some of the solicitors not turning in their results, but at dark all reports indicated that the citizens respond without hesitation to the guarantee.

COWBOYS MOB POLICE; REVENGE FOR ARREST.

Feud Between Patrolmen and Photoplayers Reaches a Climax When Ruffians Attack Two Members of Force. Patrolmen Stripped of Clothing, Guns and Shields. One Victim at Hospital in Serious Condition.

If you will place a few dollars with us each month, we will add 6 per cent. compounded every six months. Surely that is a fair offer. Look at the figures in the table and see how rapidly six dollars a month will grow at 6 per cent. until they amount to a good thousand. Then note how much of the \$1000 was paid in by you, and how much was added by us as interest.

There is no other safe method by which you can earn so much on small monthly payments. You can invest larger amounts each month if you like and have \$1000 in much less time. We have hundreds of investors who bring all the money they can spare to us each month, because there is no other way in which these monthly amounts will earn as much. And the best of it is that not one of them has ever lost a dollar of the money they bring to us. Call and let us explain how YOUR money can safely earn this liberal rate.

KANSAS EDITOR GUEST OF "WE PROGRESSIVES."

He Nominates Johnson for President and Wallace Names Rowell for Governor or United States Senator. Also Eulogizing the Legislature.

William Allen White, editor of the Emporia Gazette, post, "Progressive" extraordinary and Rooseveltian plenipotentiary, was the guest of honor at a "Progressive" party banquet served last evening to 400 guests, in Hamburg's Cafe, under the chairmanship of Mrs. Carrie E. Bryant. White read an editorial on "We Progressives." He said that this is a woman's century, and that economic and social justice is the desideratum of the "Progressives." White reviewed the tenets of his party—the fatal platform of last year; declared that the defeat was really a victory; nominated Johnson for President; came out strong for the down-trodden consumer; viewed the Taft administration with regret; hoped Wilson will have better luck; served notice that "we will not fuse with anybody on State and national issues, but in city matters we must act as common-sense demands, for city matters and national matters are entirely separate," and in conclusion recited the story of the birth of the "great party," assured his hearers that "we are battling for a cause which cannot fail," pronounced the California Legislature a work of art, and said "be sure we are worthy to win, and with God be the rest." White was introduced by Senator Gates as the "Chester Rowell of Kansas."

Rowell himself was present and made a speech on "Frank Legislation." He finds none in the late session of the Legislature, but instead believes that organization almost as good as its predecessor. The nominating being good Lieut.-Gov. Wallace nominated Rowell for Governor or United States Senator, and the Fresno editor left to catch a train greatly cheered. The Lieutenant-Governor was toastmaster and took occasion to eulogize the Legislature and the "high type of men" sent to it from Southern California. He said that he is proud of many things that were done at Sacramento.

Senator Hewitt discussed Los Angeles legislation and touched upon water-borrow and harbor bills—the bill providing for painless consolidation, which requires the nominee for admission to vote on the question before Los Angeles is compelled to go to the expense of a city election. This bill and some of the others were prepared by John W. Shank, Municipal Center candidate for Mayor. Senator Thompson talked for five

A Word to Seekers of Wedding Gifts
For you who may be called upon to express your sentiments to a June Bride—in some wisely chosen token—Feagans and Company have made auspicious preparation.
We have endeavored to gather here gift suggestions of an entirely different and superior character to those you find in the purely commercial stores.
Not in freakish things—but in clever little productions that bear the stamp of smartness and distinction.
We have put ourselves in your place and selected from the foremost marts of this country and Europe just such unusual, exclusive things as you would choose for yourself had you the whole world to choose from. We believe you will say it is the most interesting gathering of really different wedding gift suggestions you ever saw. Certain it is—there is no other such assemblage in Los Angeles.
—Rare jewels—splendid watches in pairs to match or single pieces—superior clocks—distinctive silver—travel requirements of leather—the scope for selection is exceedingly diversified—and yet, in all the vast assemblage there is nothing that savors of the commonplace.
Whether you wish to spend \$5.00 or \$5000.00, we believe you will find here an opportunity for wise selection such as is not available elsewhere.
Cordially welcome always.

Amateurism Meant.

PERISO, May 27.—[To the Editor of The Times:] You publish these statements by a poster about Australia and it is not quite correct, and it is not worth while you may want to write below.

I am a very small quaterly on the matter is based on my own experience in Australia and in the two of New South Wales and mostly in the latter.

I have been interested in ranches since 1910 to 200,000 sheep and 100 to 24,000 head of cattle. I have followed them from the mountains to the frecklers or as you call them, and further to the bay-see boats carrying to the informants states that "Australia is a position, with frozen as much to relieve American I say that is not so; I say that is very small quaterly you yet been shipped, and that from New South Wales alone, the trade has only just com-

should tell your informant that have about 24,000,000 sheep and cattle in Queensland alone and over than the available in that one State is not half of the land available in the whole of Australia. There is a belt of country some long by 150 miles wide, and of which is clothed with and other hardy grasses, and is only stocked in an experi- ment. I can speak of a country that I know personally for I walked cattle through it on the south. Besides the 410,000 acres of government land in which will always be the of the Crown, leases only some for a term of years, as many acres, or equally and sheep country in the and Central Aus-

because I have seen it, and trouble was and water and, and this trouble has been the most heartily thank- ing, who showed us the to go have scores of these plants in Western Queensland going to make thousands of of land available for stock- ing the land into smaller areas and the number of stock could not tell you why does not admit and you may not be interested. Again, I say that Australia is a very small quaterly, and that of that country will be short high.

We start the of the freezing and pack- ing in March and go on until October and from now on the time when the output of meat is scarce.

We market scarcely any in the summer time except for consumption. Cattle and sheep are not now and meat is not the freezer.

Nothing about the condi- tion in Australia in cattle; that is, and spayed cows, for the at \$11 per head for bul- locks and \$11 per head for cows and sheep at \$3.

Long price, set, for Aus- tralia must be made and we never have to feed for the that is the export market. I can say that "All that we can send will not be a drop of butter, etc."

I cannot know the possibilities, and the small area of land is not interested in in something like \$15,000 of southern markets annually. I say, etc. there is no limit for the and by reason of the laws we have over there and to send you beef and lamb and the whole of your country has been exploited and the cattle agent, who seems to do just now.

The accident at Long Beach has much too close for me, and was a tragedy. A structure could ever have been used to be used for a public and it gave me a nasty and the American work.

Yours sincerely,

ALFRED GRAY.

Origin of the Name Chosen by Gen. Washington for His House on the Potomac.

[Christian Science Monitor.] The name of Washington's home is fa- miliar to all Americans, but not many know whence it was derived, say an exchange. The Duke of Monmouth had a secretary named Verdon, a prudent, sensible man of business, who found favor in influential quar- ters, and under William III became a Secretary of State.

He left a son, Edward, born in 1684, who followed his father's path, and was entered the royal navy, and serving with distinction, rose to the rank of admiral. In 1733 he was elected to the House of Commons, and having in July, 1739, declared in that place that Fort Belvoir might be

That Spring Tired Feeling

Did you ever notice that when you suffer from "that tired feeling," or "Spring fever" as many call it, your general health in the months previous had not been up to standard, or that you had had a previous illness after which you had not fully recovered your normal strength?

Thousands who suffer from that "tired feeling" each Spring do not associate it with a condition of vitality lowered by winter illness or the trying winter weather.

A good tonic will soon relieve the feeling of lassitude, stimulate the circulation, improve appetite and digestion and restore vigor to the body and elasticity to the step and general activities.

When taken at mealtime as directed Duff's Pure Malt Whiskey stimulates the secretion of saliva, necessary for the digestion of starches and the secretion of gastric juice for the digestion of other foods. Its renewed activity improves digestion and enables the system to take advantage of the nourishing qualities which make blood and rebuild worn-out tissues.

Duff's Pure Malt Whiskey is one of the greatest tonic stimulants known to medical science. It is made from ripe selected barley and other grains and has no equal for restoring strength after illness.

RINDGE CASE BOXED

Several legal boxes containing the records and other memoranda in the case of the government against the Rindge estate, involving the right to maintain the present system of roads through the Malibu ranch, were sent to United States District Judge Bland at Portland yesterday. It is not believed that there will be a decision for some time. It is the intention of the court to wait an interpretation of what is known as the fence law, which has never been passed on by even the Supreme Court of the United States.

Today is visitors' day at the school and will be open to the entire public, two programs being given during the day. At 10:30 a.m. Earl Trossell, president of the student body, will preside. There will be music by the string quintette and the mandolin club; an address by Superintendent Francis, and the dramatic class will present "The Flower of Yeddo," in which the parts will be taken by William Nichols, Lenore Bredell, Ruth Merrill and Edna Worman.

Miss Myra Dell Grether, vice-president of the student body, will conduct a program at 1:30 p.m., when an address will be delivered by A. E. NEW RAILROAD LINE.

Subsidiary Corporation to the Santa Fe Incorporated as the Minkler Southern Railway. VIRALIA, March 23.—Rights-of-way maps and articles of incorporation of the "Minkler Southern Railway" were filed with the County Clerk here today. The incorporation articles gave the capitalization of the new road at \$200,000.

This is a subsidiary corporation to the Santa Fe, and the new road will run from Minkler, formerly Bobtown, near Outer Station in the foothills, through Woodlake, to Exeter. Although it is the announced intention to make Exeter the present terminus the maps show Porterville as the southern limit of the line.

I. L. Hibbard of Los Angeles is named president, G. Holterhof of Los Angeles is secretary-treasurer and J. R. Hitchcock, J. J. Byrne and E. W. Camp are the remaining directors. All are officers and stockholders in the Santa Fe.

The road will tap a rich citrus district and will be approximately forty miles long.

TALENT SHOWN BY SINGERS.

OPERA AT MANUAL ARTS HIGH SCHOOL A SUCCESS.

First Production of "An Oriental Courtship" Received With Enthusiasm by Large Audience—Will Repeat Tonight—Two Programmes to Be Given Today.

Education would certainly not be complete were talents such as demonstrated at the Manual Arts High School yesterday afternoon left undeveloped in the lowlands.

In the production of the dramatic opera, "An Oriental Courtship," drawn from the Bible story of Ruth, and compiled from the cantata of the school orchestra, a number of unusually good voices as well as a large body of instrumentalists in the school orchestra, capable of executing the difficult accompaniments with skill and accuracy, if students possess these accomplishments to a high degree, possibly far more dominant in their natures than many parts of their school must be the natural province of education.

The touching Biblical story of Ruth and Naomi was developed with remarkable talent by the students, portraying the character of Ruth, in a sweet, low contralto, and Glen Menzies, that of Boaz, in a truly remarkable tenor. The story, as first repeated, of William Street, as Assistant Receptor, Lawrence Tibbett, as Messenger and Singer, Rachel Kline, as Naomi, and Vivienne Summum, as Orpha, also sang their parts effectively. The action of all was excellent.

The choruses by the entire cast were rendered with fine effect and with accuracy and volume, and in the fourth act the male chorus was particularly fine.

The transition to the final act of the play, "The Flower of Yeddo," a radical change from the sadness and somberness of the leading scene that preceded. Six Israeli maidens in picturesque tamouring dance, made a great hit, and the aesthetic dance by Miss Hazel Christin was a charming and beautiful performance.

The scenery and costumes were good, the latter being rich and elaborate in historic detail. The opera will be repeated this evening, probably to an audience that will tax the capacity of the large school auditorium, as did that yesterday.

BIBBEE (Ariz.) May 27.—Just as soon as an election can readily be called there is to be a fight over moving the county seat of Cochise county from the historic though now decadent old mining camp of Tombstone to either the neighborhood of Bisbee or to Douglas. There seems no doubt about the moving, contingent only upon determination of the struggle for the honor between the two southern cities. In this connection a law passed by the last session of the Legislature is to be invoked in support of the proposed new county seat.

This is a subsidiary corporation to the Santa Fe, and the new road will run from Minkler, formerly Bobtown, near Outer Station in the foothills, through Woodlake, to Exeter. Although it is the announced intention to make Exeter the present terminus the maps show Porterville as the southern limit of the line.

I. L. Hibbard of Los Angeles is named president, G. Holterhof of Los Angeles is secretary-treasurer and J. R. Hitchcock, J. J. Byrne and E. W. Camp are the remaining directors. All are officers and stockholders in the Santa Fe.

Sinclair, head of the Caledonian Steam Navigation, one week after his death had been pricked by a hatpin as the result of an accident, and that the inquest report filed by the coroner was largely responsible for the passage by the present Scottish Legislature of the hatpin law, which makes it illegal for a man to wear an unguarded hatpin in his waistcoat or behind the crown. Mr. Ewing reports that Sinclair and Miss Jemima Green were members of a small party who attended a surprise party on December 10, when they were leaving the house. The hatpin had accidentally come out of the hatpin case.

AD GETS FOOLED; WELSH AND PALZER COMEBACKS.

BY DE WIT VAN COURE.

A WOLFGAST's first attempt as a manager did not prove much of a success. On his last visit to this city he was very optimistic over his boy, Willie Hoppe, but Willie was knocked out by Frankie Burns Tuesday night in Oakland. Ad, like all fighters, likes the boy who fights like himself. Hoppe is a rushing, aggressive and game boy with a hard punch and this just suited Ad. We are anxious to hear what Ad has to say about Willie on his return.

Willie's Chance.

The account of Freddy Welsh's victory over Jack Redmond in Canada about a week ago leads us to believe that Freddy has come back stronger than ever, both in his hitting and defense. He gave Jack an awful beating and simply knocked him from start to finish. He also had Jack nearly out several times, but he was too tough for Welsh to finish.

Welsh has won the lightweight championship of England twice, the Australian and French championships. He also holds a twenty-round decision over Willie Ritchie. He is headed for the country after Ritchie's title. It will be interesting to listen to any who claim Freddy is not entitled to a chance at the title. Any boy who had done what Welsh had done, is entitled to a chance at the top position from the start.

Willie May Come Back.

By the end of the year we are very likely to hear of Ad Palmer's making

Ducks Get Seventeen Safe Wallops in Game.

Del Howard Looking For Reinforcements.

PORTLAND, May 28.—(Exclusive Dispatch.) It was an awful drubbing the Beavers handed the Seals today at an 8 to 2 tune. Henley tried hard, but it was a shame the way the McCredies went after his curves and pounded out six runs before he was succeeded by Hughes.

Each team made one error, but these mistakes were not vital except in the case of Sepulveda, who, in the fatal third inning, threw high to second, trying to get Chadbourne, thus giving James. This inning there were four hits and as many runs recorded and it was this way: town in time to catch tomorrow's game for the Seals. Schmidt has a bad hand and Sepulveda is the inexperienced. "Bill" Lindsay expects to be back at third for the Beavers by next Tuesday. The score:

LUCKY TYLER BESTS WOLVERTON IN A PINCH.

(BY DIRECT WIRE TO THE TIMES)

SAN FRANCISCO, May 28.—(Exclusive Dispatch.) As a pinch hitter, Harry Wolverton can't be called a glittering success. As a catcher, the home of the Senators is this, but in a better third baseman. The on-banks home faced "Lucky" Tyler, Christian hit to Christian, and instead of accomplishing anything, sent a fly to left field. Then, instead of retiring from the field, he went on to catch Jack Biles, who had a badly damaged finger, and caught the last two things.

It was a sacrifice that availed the Senators nothing.

With the score a 7 to 7 tie after the top of the eighth inning had been played, Bert Coy came to bat with his arm and walloped one of Brouder's slingers over the right field fence.

This homer was a mighty powerful one on the face as the Oaks were concerned, since it enabled the Oaks to take the lead and climb so close to the Angels that only a game and a half separates them.

They were pounded for just about as much as the trio of opposing batters, and it was the early lead when five runs were bunched, along with Coy's homer that turned the trick for the Senators.

The situation was an exceedingly desperate one for the Oaklanders, but they were to finish, as best can be told, by the way the fighting Senators tried to score after they were five to seven. Wolverton used three pitchers in his attempt to stem the tide.

The Senators lead off with a run in the second inning and then stopped short. Jimmy Shinn doubled, was out by the way the fighting Senators tried to score after they were five to seven. Wolverton used three pitchers in his attempt to stem the tide.

THE TIMES is pleased to announce the distribution of a very handsome Scrap Book to its patrons, at a nominal cost. With this book it is possible to make a very valuable work of reference by clipping daily articles from THE TIMES on subjects that may interest you personally; articles of historical or statistical value, or articles from your favorite contributor. The Sunday Times especially contains much information along these lines, which may be preserved effectively by the use of this Scrap Book. The recipes published in The Times Cooking School columns may be kept in this manner for future use.

The price of the Scrap Book is 25 cents. It may be procured at The Times main office, Broadway at First, or at the Branch Office, 619 South Spring street, or from any regular Times agent. If you order by mail, enclose postage at the following rates for parcel post zones: Within Los Angeles postoffice district, 6c; outside of postoffice district and within 50 miles radius of Los Angeles, 8c; 51 to 150 miles, 10c; 151 to 300 miles, 12c; 301 to 600 miles, 14c; 601 to 1000 miles, 16c; 1001 to 1400 miles, 18c; 1401 to 1800 miles, 21c; beyond 1800 miles, 24c.
